Biography

BYRON EARLS joined YOUNG & Associates in 2018. With over 20 years of experience in building construction, both commercial and residential, Byron has been responsible for directing and managing new construction and renovation projects of various sizes ranging from a \$300 million dollar hospital to \$300,000 restaurants. He also has over 7 years of experience as a catastrophic adjuster handling catastrophic claims nationwide including large fire and water losses. He is proficient in the development of construction repair scopes, cost estimates, and contract language. Being an executive for a commercial construction company he was responsible for the development of strategic partnerships with multiple owners/developers in the state of Arkansas with specific expertise in the multi-family, hospitality, and restaurants. His background lends itself to bringing a unique perspective to every consulting opportunity since he has both experience as a contractor and an adjuster.
