Biography

ROB SENECAI joined YOUNG & Associates in 2012. Rob started in the construction industry in 1982 as an engineering assistant with Perini Corporation. During his 30-year tenure at Perini, Rob held various positions including Chief Field Engineer, Office Engineer, Estimator, Assistant Superintendent, Superintendent, General Superintendent, and Operations Manager. Rob worked on a variety of projects including prisons, hospitals, waste treatment plants, pharmaceutical laboratories, casino hotel resorts, high-rise office towers, parking garages, and schools. As a Partner for YOUNG & Associates, Rob has been involved with damage claims ranging in cost from 25K to over 100 million, including builder's risk claims. He has consulted on the flood, hurricane, hail, fire, vandalism, and construction accident losses involving structures such as residential homes, manufacturing facilities, college and municipal buildings, exercise facilities, hotels, parking structures, restaurants, schools, and hospitals, prisons, docks and piers, highways, and high-rise construction.
