Kansas City, MO

Biography

Micah Vincent is a Regional Building Consultant responsible for providing comprehensive damage assessment services, cost estimating, clerking mitigation and rebuild projects, and collaborating with contractors to establish a mutually agreed-upon scope and budget. Mr. Vincent has consulted on various losses spanning commercial, industrial, agriculture, education, hospitality, builder's risk, high-end residential, and multi-family residential throughout the United States. His building consultant projects require meticulous damage assessments, itemization of damages, completion of detailed estimates, a thorough evaluation of invoices, code analysis, coordination with specialized consultants, and negotiation of rebuild scope and associated costs to complete claims in a timely fashion.
