Biography

Wade Wilson joined YOUNG & Associates in April 2019 as a Regional Business Development Executive and in 2023, joined YAES as Vice President, Accident Reconstruction. Prior to this, he was the Houston area Manager, Business Development Representative & National Retail Practice Group Leader and for SEA Limited in the Forensic Engineering industry. His time at SEA Limited also included three years as a Regional Business Developer & National Retail Practice Group in Atlanta.

In addition to his contributions to SEA's national business development, Wade also represented an Atlanta manufacturing facility, and showcased expertise in the Forensic Engineering industry. With his proven track record and strategic vision, Wade continues to play a pivotal role in shaping the success of YA Accident Reconstruction Services.
